

**2018
Health Care Home**

DCFC 2017

DCFC is a Health Care Home facility

HCH is the coordination of your health goals, outside provider plans, and primary health care.

<p>Health Care Home is a way of providing primary health care that:</p> <ul style="list-style-type: none"> • Uses a collaborative approach • Serves as the initial site for your health care • Focuses on improving health outcomes and quality of life 	<p>As a Health Care Home, we assist you with:</p> <ul style="list-style-type: none"> • Coordinating with other physical and mental health care specialist as needed • Identifying latest treatment options for your condition • Locating home care, equipment, and vendors • Facilitating support and respite services for your family 	<p>Benefits:</p> <ul style="list-style-type: none"> • Your health care provider can help you learn how to manage your health • You will have access to coordinated care that is tailored to fit your needs • Your cultural and religious beliefs are valued • Your primary care provider makes sure you understand your choices • Your health care team can help you find specialty care or community services when needed
---	---	--

**Everyone benefits from coordinated, patient and family centered health care.
However, a Health Care Home is especially important for persons with chronic diseases and special health care needs.**
